Why Red Line?

Using cutting edge technology, Red Line Oil responds to the technical challenges of today's performance industry. We are enthusiasts that stay on top of each market niche, ensuring product recommendations that result in serious performance gains. We use this knowledge of racing to create high-performance products for track cars and street vehicles.

Red Line V-twin oils, gear oils, and primary case oils are used and recommended by shops and riders from all walks of life. All Red Line powersports oils are PAO/Ester based and a true synthetic oil. Proven to increase HP and run cooler.

For over 40 years, Red Line have set the synthetic oil standard with their unique blend of high-performance Polyalphaolefins (PAO) Ester-base oil combinations. This scientific blend helps break down and rebuild petroleum molecules, preventing oil thickening and keeping you running cooler for longer.

PAO & ESTER ENGINEERED
PROVEN PERFORMANCE
